MENTAL HEALTH ADVANCE DIRECTIVE

The Types of Treatment I Do and Do Not Want and The Person I Want to Make Mental Health Treatment Decisions for Me When I Can’t Make Them for Myself

Dated: ___________________________  20 __________

I am giving the following DIRECTIVES (instructions) about treatment that I do and do not want (NOTE: the below are suggestions of things about which you might want to give directives; you may give directives about other types of treatment in addition to or instead of those below):

- the medications I consent to (types and dosage),
- the medications to which I do not give consent (allergies or side effects),
- instructions about short-term inpatient treatment,
- a physician or mental health therapist whom I would like to treat me,
- a facility where I would like to receive treatment,
- instructions about transport to a provider or facility,
- instructions about electroconvulsive treatment (ECT) shock therapy,
- persons to be notified of my mental health treatment,
- persons to be allowed to visit me, and
- instructions about alternative outpatient treatments I would like.

My failure to provide directives does not mean that I want or refuse certain treatments.

☐ My wish is that, in accordance with state law, this mental health advance directive may be revoked by me at any time.

(Insert the name, address, area code and telephone numbers of the person you wish to designate as your successor representative)

I do not wish to appoint a mental health care representative. (Initial box for this preference)

This appointment shall be for the purpose of mental health care decisions. Mental health care means treatment of “mental illness” as defined at West Virginia Code §27-1-2 with psychoactive medication, admission to and retention in a mental health care facility, electroconvulsive treatment and outpatient services. The representative appointed by this document is specifically authorized to be granted access to my medical records and other health information and to act on my behalf to consent to, refuse or withdraw any and all mental health care if my representative determines that I, if able to do so, would consent to, refuse or withdraw such treatment. The authority of the mental health care representative ceases when I have regained capacity to make mental health care decisions.

I appoint this representative because I believe this person understands my wishes and values and will make the mental health care decisions that I would make if I were able to do so, and because I also believe that this person will act in my best interest when my wishes are unknown. It is my intent that my family, my physician and all legal authorities be bound by the decisions that are made by the representative appointed by this document, and it is my intent that these decisions should not be the subject of review by any health care provider or administrative or judicial agency.

It is my intent that this document be legally binding and effective and that this document be taken as a formal statement of my desire concerning the method by which any mental health care decision should be made on my behalf during any period when I am unable to make such decisions.

In exercising the authority under this mental health advance directive, my representative shall act consistently with my special directives as stated in this advance directive.

THIS MENTAL HEALTH ADVANCE DIRECTIVE SHALL BECOME EFFECTIVE ONLY UPON MY INCAPACITY TO GIVE, WITHHOLD OR WITHDRAW INFORMED CONSENT TO MY OWN MENTAL HEALTH CARE. INCAPACITY IS TO BE DETERMINED BY A QUALIFIED PHYSICIAN AND A SECOND QUALIFIED PHYSICIAN OR QUALIFIED PSYCHOLOGIST.
