

Frequently Asked Questions about the Combined Living Will/Medical Power of Attorney

- ***Can I combine my living will and medical power of attorney in one form?***
Yes. You can use one document that combines both the living will and the medical power of attorney forms.
- ***Can I still make my own healthcare decisions once I have completed a combined form?***
Yes. Your combined form will does not take effect until you cannot make decisions for yourself. The living will portion of the combined form takes effect when you are terminally ill or permanently unconscious. As long as you can make your own decisions, the form is NOT in effect.
- ***Can any person create a combined form?***
Yes. Any adult (including a mature or emancipated minor) who has the ability to make decisions for him or herself can complete a combined form.
- ***Do I need a lawyer to create a combined form?***
No. A combined form can be completed without the help of a lawyer.
- ***Will another state honor my combined form?***
Laws differ somewhat from state to state, but in general, a patient's expressed wishes will be honored.
- ***What should I do with my combined form after I sign it?***
After your form is signed, witnessed, and notarized, keep the original document in a safe location where it can be easily found. A photo copy of your combined form is legally valid. You are encouraged to send a copy of your combined form to the West Virginia e-Directive Registry. See instructions below.

This appointment shall extend to, but not be limited to, health care decisions relating to medical treatment, surgical treatment, nursing care, medication, hospitalization, care and treatment in a nursing home or other facility, and home health care. The representative appointed by this document is specifically authorized to be granted access to my medical records and other health information and to act on my behalf to consent to, refuse, or withdraw any and all medical treatment or diagnostic procedures, or autopsy if my representative determines that I, if able to do so, would consent to, refuse, or withdraw such treatment or procedures. Such authority shall include, but not be limited to, decisions regarding the withholding or withdrawal of life-prolonging interventions.

I am giving the following SPECIAL DIRECTIVES OR LIMITATIONS ON THIS POWER: (Comments about tube feedings, breathing machines, cardiopulmonary resuscitation, dialysis, mental health treatment, funeral arrangements, autopsy, and organ donation may be placed here. 1. If I am very sick and not able to communicate my wishes for myself and I am certified by one physician who has personally examined me to have a terminal condition or to be in a persistent vegetative state (I am unconscious and am neither aware of my environment nor able to interact with others), I direct that life-prolonging medical intervention that would serve solely to prolong the dying process or maintain me in a persistent vegetative state be withheld or withdrawn. I want to be allowed to die naturally and only be given medications or other medical procedures necessary to keep me comfortable. I want to receive as much medication as is necessary to alleviate my pain.

2. Other directives: _____
